

Prinz-Mayweg Gruppe
Präzisionsstahlrohre

Wickede – 16th April 2019

AEO-C certification

Following a comprehensive examination by the main customs offices in Bielefeld and Dortmund, the Prinz-Mayweg Gruppe has been awarded with the AEO certificate in variant C "Customs Simplifications". It certifies the compliance with customs regulations, manipulation security in the supply chain, traceability of incoming and outgoing goods and an effective quality management system.

With the status of an Authorized Economic Operator (AEO), the Prinz-Mayweg Gruppe is considered to be particularly reliable and trustworthy and can benefit from special customs clearance privileges.

The requirements for an applicant to be approved for evaluation at all are a satisfactory accounting system, proven solvency (credit standing), adequate safety standards and previous compliance with customs legislation over a period of several years.

Furthermore, the Prinz-Mayweg Group is also working on a license to issue simplified customs declarations, so that in the future our customers can benefit from shorter delivery times through the simplified customs clearance of goods.
