Donation to the Neven Subotic Foundation

Dear business partners and interested parties,

Each year the Prinz-Mayweg Group organizes an internal betting game and the participants try to predict results of the 1st German Football League. This year the Prinz-Mayweg Gruppe donated a large part of the combined effort to the Neven Subotic Foundation.

The donation is going to be used for the “100% WASH” project, whereby the Neven Subotic Foundation is building drinking fountains and sanitary facilities for schools and communities in Northern Ethiopia. The donation will be used 100% locally. All administrative, travel and other expenses will be carried by Neven Subotic himself.

The children there should be able to go to schools under decent conditions and decide their personal future independently. This is an essential requirement for ensuring sustainable health and enabling education!

If you would like to make this possible for other children in Africa, just visit the homepage of the Neven Subotic Foundation (www.nevensuboticstiftung.de). Every donation helps!
